“ Loving you was truly one of the best things I’ve ever done! You literally were my sunshine on the darkest days & I could never thank you enough for that. I’ve been drowning in my own tears since the accident, but God has really given me strength I didn’t know I had in me. You were one of my biggest supporters when it came down to school so just know I will do everything in my power to make you proud. This next degree is for you! I will continue to proudly wear this necklace you got me for my birthday that way I can feel your presence every step of the way. I love you so deeply. Please watch over me baby boy ❤️ Rest peacefully, my angel 🙏

“ Words could never explain how hurt I am. Since freshmen year you was always my good friend. You always complimented me and made me smile. From jumping in your truck to ride to the store to turning up in Club Maze. You was always so positive and happy spirited. As bad as I want you to come back to us I know you are resting peacefully and enjoying Heaven right now. I love you Quise ... I am truly going to miss you. RIP

“ *I have so many memories of Quisey and for that I thank God. I loved how he enjoyed life and how he always had a smile. I must say there was never a dull moment when he was around. There was times when we would be trying to watch a movie and Daja would start talking and he would say, "are we gonna be able to listen to the movie or do you want to listen and watch you". I remember the days when he just needed a break from school and there he was knocking at my door. He is/was a gift that I will treasure forever. He was always giving me encouraging words when I was at a low point in life and he made sure I knew he loved me. Thank you Quisey for being that positive love in my life!*
